Nicole- briefed in D.C. about the dropping rates in Tribal Colleges and it really touched base here at our college. I don't know about you, but I love my school, and that inspired me to try and up the enrollment here at UTTC. Maybe we can start a Grassroots Campaign here on campus "get on track". Wants to take it to the students readiness and change the outlook and to look for support.

Cody- The big part of it is to create some sort of social event to bring these students together. Some come straight out of high school , and it can be scary for most.

Jackie- is there like a mentor program?

Cody- Communicate/get the kids involved/help them some sort of friendship event.

Ann- When I came down, we have an arena, why don't we use the pow-wow grounds more than once a year? We have the leadership, the views, the voices, and people will listen.

Jackie- do we have someone who visits the high schools? A lot of my white friends believes this school is for Natives only.
